The government is giving more emphasis on agricultural production, which is one of the key driving forces of Bangladesh's economy, they added.

On May 22, 2022, the central bank asked the country's banks to disburse agricultural credit at 4 per cent concessional interest rate for cultivating import substitute crops, including pulses, oil-seeds, spices and maize.

Bangladesh Krishi Bank disbursed highest farm loans of Tk 2,191 crore, followed by Islami Bank Tk 980 crore, Rajshahi Krishi Unnayan Bank Tk 642 crore, Dutch-Bangla Bank Tk 488 crore and IFIC Bank Tk 473 crore during the reporting period.

In FY2022-23, farmers took Tk 32,829 crore in loans while they paid Tk 33,010 crore.

Most of the loans were facilitated through non-governmental organisations.

Farmers receive loans from banks at an 8 per cent interest rate, whereas loans obtained through NGOs carried higher interest rates ranging from 24-30 per cent.

Due to the challenges banks face in reaching distant-level farmers directly, they allocate the loan amount to NGOs, which, in turn, disburse the funds at higher interest rates.

In a bid to extend loans to farmers at more favourable rates, the Bangladesh Bank has asked the banks to disburse a minimum of 50 per cent of their total disbursements through their own channels.
