TOOL AND WORK EQUIPMENT ADMINISTRATION

BANGLADESH RURAL ELECTRIFICATION BOARD
PBS INSTRUCTION 100-32

Approval Date: 07/03/1979
Revision Date : 19/02/2020

SUBJECT: TOOL AND WORK EQUIPMENT ADMINISTRATION

I. PURPOSE

This Instruction establishes the responsibilities and procedures for procuring, issuing and accounting for tools and work equipment by the PBS.

II. GENERAL

Lead functions of tool and equipment requirements, specifications and acquisition for the PBS's operation, maintenance and plant addition to their electric system shall be administered by the Zonal Superintending Engineer.

Responsibilities of Zonal Superintending Engineer will include:

1. Provide basic specifications for tools and equipment to be used by the PBSs.
2. Determination of quantities of tools and equipment required for each PBS.
3. Provide the Material Planning and Standardizing Specifications(MP&SS) Directorate with quantities to be purchased. Normally BREB procure tools & equipment under different DPPs. But if it is not possible to procure sufficient quantity of Tools & Equipment under DPP, PBS shall be advised to purchase by it's own fund.

4. Recommend blanket allocations of tools and equipment to PBS as supplies are received.
5. Establish minimum reserve stocks for the BREB and PBS.

The AGM (O&M) has the responsibilities will include:

1. Within the PBS the AGM (O&M) shall administer the policies and procedures that are established by this Instruction and other Accounting Instructions.
2. The approval of issuing tools to the individual line department employees.
3. Maintain records for the tools issued to each employee and vehicle (BREB Form No. 458).
4. Requests of transfer of tools and equipment from BREB Project Store to the PBS Store.
5. Establish and administer inspection and maintenance programs for tools and equipment on monthly basis.
6. Instruct employees to use and care of equipment and tools properly.
7. Make recommendations to the concern BREB authority as to new, or modified tools and equipment requirements.

III. POLICY AND PROCEDURE

- A. 1. The Zonal Superintending Engineer(SE) will suggest basic specification for new tools and equipment required to place into service and review specification of tools and equipment already in service and forward his/her recommendation to MP&SS Directorate. The MP&SS Directorate will take necessary action to develop detail specification and obtain approval of the specification from the BREB competent Authority.
2. The Zonal SE will prepare and maintain a list of "Tools and Equipment

Requirements" for each PBS under his/her commanding area considering age and length of electrical network, number of consumers, natural calamities of that area etc. A standard list of tools and work equipment are enclosed as "Exhibit-A". It will help to prepare the list needed for a PBS.

3. Office of the Zonal SE shall maintain a liaison with all AGM(O&M) of his/her Zone for the purpose of establishing tool requirements of all type, kind and quantity.
4. The tools or equipment those have replacement parts (such as Jaw of bolt-cutter, dice of mechanical compression tools etc.), replaceable items will be separately included in the procurement list as additional during procurement of the Main tools.

B. PBS Operations

1. The PBS will be responsible for receiving, stocking, issuing and reordering all tools and work equipment. Tools for individual employees will be issued by a "Materials Issue Form" that must have the approval of the AGM(O&M). As these tools are issued to the employees, they will be charged to the account which the employee will charge his/her time to, in the use of the tool.

The AGM(O&M) will maintain a record of all tools issued to each individual employee (See Exhibit "B"). Normally personal tools will be issued permanently to a lineman or an employee and special tools and vehicle will be issued on job order basis depending on the requirement and nature of job. At the time AGM(O&M) approves the "Material Issue Form" he/she will record the date of issue, the name or description of the tool and the reason for issue. As he/she posts this record he/she will monitor the usages of tools by an employee and take remedial action for misuse as required. These records shall also be used by the

AGM(O&M) to make a semiannual inventory and inspection of all tools and equipment. Apart from Semi-Annual Inventory and Inspection, the AGM(O&M) shall arrange monthly Inspection of all tools and equipments, issued to the employee to determine its condition and serviceability. Safety Manual (serviceability) to be consulted for the purpose.

2. When a line crew or an employee requires the use of a tool, meter, or equipment that is normally stored in the store-room such as digging tools, boats, motors etc., the storekeeper will maintain a monthly log of the equipment indicating the date of issue, description of equipment, issued to, date returned, and returned by. (See Exhibit "C"). This log should be reviewed monthly by the AGM(O&M).
3. If tools are not available at BREB Stores, PBS may procure tools and equipment from BREB approved suppliers. Safety related tools must conform 100% to the specification and must be inspected by Inspection & Testing Directorate of BREB before PBS takes delivery of such tools and equipment. Upon satisfactory inspection report tools & equipment shall be received.
4. In the event of loss or theft of tools and equipment reported, a committee formed by Senior General Manager/ General Manager will investigate the circumstance of such occurrence and shall ascertain responsibility of such loss or theft. Cost of tools or equipment at the depreciation value will be realized from the person responsible. Administrative action shall also be taken by the Senior General Manager/ General Manager on the recommendation of the committee as per PBS rules.
